The Annunciation Greek Language and Cultural School of Houston, Texas, was founded in 1918, as a ministry of the Annunciation Greek Orthodox Cathedral in Houston, Texas. It is an “after school” program whose mission is to teach the Greek language, history and culture to children of pre-elementary, elementary, and middle school age. The school is especially (but not exclusively) geared towards American children of Greek ancestry. The school also offers classes for teens and adults.
